

MINERAL COUNTY WEST VIRGINIA PRESENTS: **STABILIZING, LIFTING & CUTTING** "HEAVY RESCUE OPERATIONS"

This hands-on rescue class is designed to challenge firefighters through realistic vehicle rescue scenarios focusing on stabilization, lifting and cutting operations. Students will develop critical thinking, teamwork, and technical rescue skills while applying street proven tactics all while using modern rescue equipment.

This class is a physically and mentally demanding class, which requires 100% health. Students will be operating in/under heavy vehicles in full PPE.

HANDS ON TOPICS:

- Vehicle Stabilization
- Heavy Rigging
- Vehicle Lifting Operations
- Vehicles on Top of Vehicles
- Auto Extrication
- "Pinned Patients"
- Live Extrication Scenarios

DATE: 10/23 - 10/25 2026

(Friday Night Lecture, Saturday Evening Social EVENT)

TIME: 8AM-4PM

Cost: \$250-2 days

LOCATION: Fort Ashby Fairgrounds

(Fairway Drive, Fort Ashby WV. 26719)
